Grower:	Small Scale Growers
Region:	Cerrado Mineiro
Altitude:	1270 MASL
Packaging:	30 Kg special paper bags
Variety:	Mix Varietals
Process:	Natural
Harvest:	July – september

UYARÁ COFFEE

Uyará delivers a very sweet Natural processed coffee from Cerrado Mineiro and is Southland's all year around coffee. Uyará is named for Brazil's tupi-guarani (indigenous) name and exemplifies the consistent quality created by Brazil's small growers and offering the same profile all year, despite changing environmental conditions.

REGION INFO: CERRADO MINEIRO

The Cerrado Mineiro Region is a world recognized high quality coffee producing origin - the first "Designation of Origin" in Brazil, located in northwest of Minas Gerais State.

Having well-defined seasons - a hot, wet summer and a pleasantly dry winter - is a strong characteristic of the region. The coffee plantations are cultivated in areas with altitudes varying between 800 and 1,300 meters, the result being high quality coffees with a unique identity.
